Our Story

Hashtag Burgers & Waffles is the brainchild of burger enthusiasts Kate Macauley and Matt Rollo, with their first store opening in Brisbane's nightlife hub, Fortitude Valley, in 2019.

At Hashtag Burgers, we pride ourselves on being different, and that's what makes us special – well, that's what Matt's mum said back in '08, so we're running with it! It's based solely on this comment (thanks, mum) that Hashtag has decided to create a unique style of dining with amazing food and friendly vibes! Through many years of research, we have developed a burger we are proud of. We only source the best ingredients from good humans and operate our business in the most ethical way possible.

At Hashtag Burgers & Waffles, we embrace diversity. Ordinary is boring. Like our burgers, we want to be a little different. Our laidback, creative vibe draws burger fanatics from all walks of life, all with one thing in common – an appetite for the most delicious burgers you've ever tasted.
